

CO-CONSTRUCT ONLINE  
PROJECT MANAGEMENT FOR CLIENTS

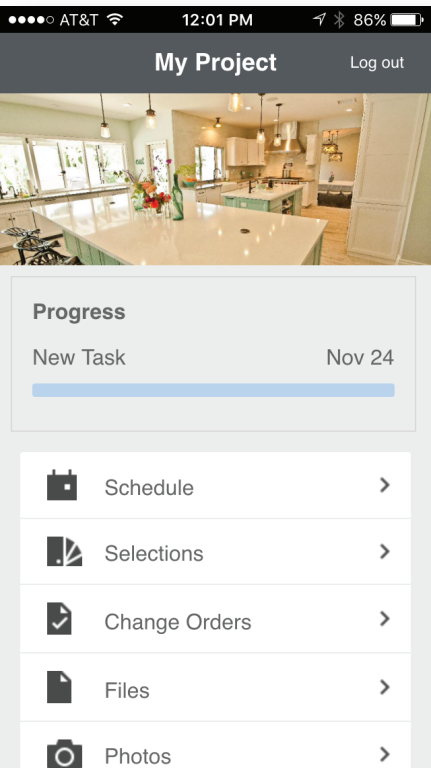

Building your new project is an exciting and important endeavor, and All Pro Builders Inc. wants the process to be as smooth and enjoyable as possible. That is why we provide each of our clients with access to a secure web-site with all the details of their project.

Whether you are at home, at work, on the road, or even on vacation; All Pro Builders Inc. puts information at your fingertips about your selections, upgrades, financial decisions, questions, documents, photos and more. Take a look at the dashboard examples below to see the ways our online client access keeps you in touch and well-informed throughout the duration of your new project.

COMPUTER DASHBOARD

SMART PHONE  
DASHBOARD

PROJECT OVERVIEW

A single page summary of all current activity on your project; listing any new messages or updates that you need to be aware of. It even has a customized cover photo!

SELECTIONS SHEET

This page organizes selection items on a single list, displaying all of the pertinent information: allowance, pricing, color or style choices, etc. With just a few clicks you can select the necessary features to keep your project on track.

PROJECT SCHEDULE

Speaking of staying on track...your project schedule will lay out the construction phases for you to see. We'll do our best to provide a projected completion date, but as things change along the way, the schedule will be updated in 'real time' to reflect any additional days.

BUILDER'S TO-DO LIST

Here, you'll be able to see any builder and/or subcontractor to-do's pertinent to your project, and you'll have the ability to post any related comments & questions as well.

QUESTIONS & MESSAGES

This is basically our 'Grand Central Station', with the majority of our ongoing communication happening here on a daily basis. Once you type your question or comment, an email alert is automatically sent to all assigned employees & subcontractors. Additionally, once we respond you will receive an email alert.

E-MAIL UPDATES

Taking the alerts one step further are the Weekly Updates that you will receive every Friday. These updates will keep you informed of all outstanding to-do items, any upcoming items on the schedule, etc.

FILES & PHOTOS

This section is essentially our digital file cabinet; housing preliminary drawings, scope of work descriptions, before/during/after photos, selection photos, estimates & invoices, and much more.

HELP & SUPPORT

Lastly, if you are unable to determine how to do something, the Technical Support aspect of this program is fantastic. After searching the help index, if you still can't find your topic, just open a support ticket & within 24 hours you'll receive a response--most likely with an instructional video to walk you through the solution.
